

Ticketing Software for

Christmas Attractions

Christmas is one of the most important times of the year in the attractions industry, so leave the ticketing to us while you deliver your most magical Christmas yet.

DigiTickets is a proactive, innovative ticketing and EPOS solution for attractions and events. Providing our services since 2008 we've been proud to work with a wide range of clients from Farm Attractions, Historic Houses, Maize Mazes, Zoo and Aquariums and more. We specialise in exceptional support and software to enable a seamless ticketing process. We are proud to work with many Christmas Attractions supporting their ticketing and EPOS needs. We help support the whole ticketing process before, during and after the customers visit.

Features

DigiTickets provides a cutting edge, online and EPOS software helping Christmas Attractions sell tickets and manage their business. Key features include:

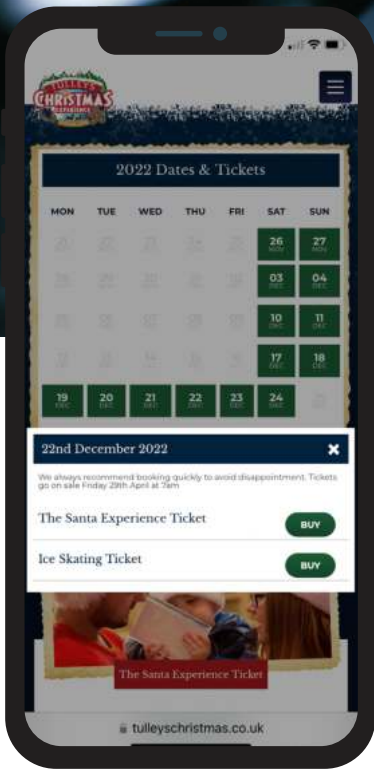

Key Features Include:

- Event Based Ticketing
- Sale Limits and Capacity Management
- Upsells for Extra Presents and Offers
- Custom Fields for Preference Collection
- Variable Ticketing / Automatic Price Increases

“The whole DigiTickets team have always been so accommodating and I know that someone is always on hand at the other end of the phone.”

Frosts Garden Centre

"It's been a joy to create a new platform for our ticket sales and we are excited to continue this relationship moving towards a new season."
